

Little gang beanies

FROM GRAY TO WOW

Colorful statement beanies for the winter

Colorful, cheerful, loud – the brand new LITTLE GANG beanie collection from LÄSSIG celebrates childhood in all its colors. The trendy beanies made from extra-fine wool are not just winter accessories, but real statement pieces with a wow effect.

The beanies: soft, warm, scratch-free

Made from high-quality merino wool, the new children's beanies from LÄSSIG are not only extra-fine, but also mulesing-free. This means that the breeder of the merino wool is committed to not mulesing his sheep. Thus the mental and physical well-being of the Merinos is maintained. The beanies are breathable, temperature-regulating and best of all: they don't itch! This way nothing stands in the way of a happy romp in the snow. The good and flexible fit makes the beanies a super comfortable accessory that grows with the children.

The design: from smiley to rainbow

The LITTLE GANG beanies are available in nine exciting designs that emphasize the personality of the little wearers. From "Free caramel/lilac" to "Smile ocean green/light rose" and "Run brown/blue" – there's a design for every taste and mood. Cheerful little hearts, radiant smileys and bright rainbow motifs set trendy accents and spread a good mood even on gray winter days.
