

BRINGS LOVE TO THE TABLE

The new HAPPY RASCALS cutlery and tableware sets are here!

With the new cutlery and tableware sets of the HAPPY RASCALS collection from LÄSSIG, love not only goes through the stomach but hits right into the heart. Through the loving heart, rainbow and smiley motifs in warm color combinations like sky blue/caramel and lavender/poppy red, every family meal becomes a highlight. The child-friendly design encourages little gourmets to eat independently.

DISH SET PP

The Happy Rascals Dish Set made of lightweight, break-resistant biocomposite brings fun to the dining table and comes with an important message: The heart, smiley and rainbow design stands for a future full of love, peace and hope. Plates, bowls, cups, sippy cups as well as spoons are available individually and can be put together by yourself according to your mood. All products are made of polypropylene (70%) and cellulose (30%), making them more sustainable and resource-saving than conventional polypropylene. The non-slip TPR ring on the underside of the tableware provides a better grip on the table. This way the first eating attempts will be a breeze! In addition, the children's tableware is not only BPA-free, but also dishwasher and microwave safe (up to max. 400W).

Material: 70% polypropylene (PP), 30% cellulose

SILICONE PLATE & BOWL

The new silicone plates and bowls in trendy color blocking design with cheerful smiley or heart prints exude colorful lightness. Thanks to the BPA-free, food-safe silicone, they are guaranteed to be break-proof and non-slip. Perfect for first own eating attempts! The flexible tableware, which is suitable for little gourmets from the age of 6 months, is available in the color combinations sky blue/caramel and lavender/poppy red. It is both microwave and dishwasher safe, making it suitable for everyday use.

CUTLERY WITH SILICONE HANDLE

Little gourmets will love the new children's cutlery from LÄSSIG. With the ergonomically shaped silicone handles, independent eating will work twice as well! The innovative cutlery set consists of a fork, spoon and knife, is BPA-free and made of stainless steel and food-safe silicone.

Particularly clever: The learning knife has no cutting function and is therefore ideal for first, safe eating attempts. This way children from the age of 12 months can practice eating with cutlery. The cutlery set is available in two lovely designs: in lavender with poppy-colored hearts and in sky blue with caramel-colored smileys.

Material: stainless steel and silicone

RRP: 17,95 €
