LITTLE NATURE FRIENDS ON A GREAT DISCOVERY TOUR

THE NEW OUTDOOR HIGHLIGHTS FROM LÄSSIG

Attention nature lovers! LÄSSIG presents the ultimate outdoor essentials for hiking, marveling and discovering. From forest to meadow: The new collection is just what little adventurers need to quench their thirst for knowledge and adventure. With sturdy materials and clever features, the backpacks, bottles and lunchboxes are the perfect companions for exciting adventures in the great outdoors! So grab your backpacks and get ready for a great outdoor adventure!

BIG OUTDOOR BACKPACK

Off to the countryside! With the Big Outdoor Backpack from LÄSSIG every day becomes an experience. Whether drinking bottle, lunchbox or change of clothes – everything finds its place in its spacious 14 liters main compartment. Even for sudden rain showers, the backpack is well prepared, because the water-repellent rain cover is already integrated. The shoulder straps are height-adjustable and, like the back section, pleasantly soft padded. This way, the backpack sits firmly and comfortably on the back even on longer trips. On the sides there are practical external compartments – one with drawstring and another with zipper. Thus, water bottle, snacks and the like are always quickly at hand on the road. Other accessories can be attached to the elastic loops. An integrated name tag ensures that the backpack always finds its way back. Safety first: To be clearly visible even at dusk, the Big Outdoor Backpack is equipped with reflectors. For a break, the thermo-insulated seat pad offers a dry and cozy spot. The Big Outdoor Backpack is available in two natural colors.

Material: 100% polyester (recycled) | Dimensions: 25 x 13,5 x 38 cm | Capacity: 14 l

UVP: 64.95 €

BOTTLE STAINLESS STEEL

Hiking makes thirsty! With the Stainless Steel Bottle, little nature friends are never left out in the cold. Robust stainless steel ensures that still, cool or lukewarm drinks are safely stowed away and do not leak. And because things can get wild in nature, the BPA-free bottle is break-resistant. With a capacity of 500 ml there is always enough to drink in the luggage. Due to the practical stainless steel handle on the screw cap, the bottle can easily be transported. Alternatively, the sports cap made of polypropylene (PP) can be used, which is included in the delivery.

Material: Bottle and handle: 100% stainless steel | Lid: 100% polypropylene (PP) (with silicone ring)
Dimensions: Ø 7,3 x 17,2 cm | Capacity: 500 ml

UVP: 14.95 €

Happy Prints

With the Happy Prints and Nature design, the drinking bottles are the perfect complement to the Big Outdoor Backpack.

LUNCHBOX STAINLESS STEEL BAMBOO

Fancy discovering the wilderness? The new lunchboxes from LÄSSIG made of robust stainless steel are the ideal companions! Thanks to the practical stainless steel separator, sandwiches, bars, fruit and vegetables always stay in place. The bamboo lid with silicone ring keeps the lunchbox airtight sealed and thus ensures that even after a long hike everything is still nice and fresh. At home, the bottom part of the lunchbox can be easily and hygienically cleaned in the dishwasher.

Material: Box: 100% stainless steel | Lid: bamboo wood (with silicone ring) | Dimensions: 18 x 12.7 x 6 cm

UVP: 27.95 €
