

## tiny backpacks

### NEW FRIENDS BRING JOY

Welcome to the team! The cute animal friends from the Tiny Backpack collection are getting reinforcements: From now on, the practical kindergarten backpacks are also available as a penguin, whale, beaver, cat or mouse. With their cheerful design and functionality, the Tiny Backpacks playfully accompany little adventurers on their first discovery tours.

#### Cheerful design – the favorite animal friends always around

The Tiny Backpack from LÄSSIG is designed for kids over the age of 2. With a capacity of 3,5 liters it offers enough space for all important things. Whether in the kindergarten or on excursions – the practical mini backpack not only impresses with its playful 3D-details, but also with its child-friendly design. The cheerful face makes it a popular companion and ensures lots of fun on the go.

#### Practical functions – reliable companion for the little ones

In addition to the cute design, the Tiny Backpack also impresses with its functionality. The height-adjustable shoulder strap and a chest strap ensure optimum carrying comfort. From cuddle blanket to lunchbox – everything finds its place in the large main compartment. Thanks to the integrated water bottle holder, there is always enough liquid on board. An integrated name tag guarantees that the backpack will not get lost! Even light rain showers can not harm him. The water-repellent outer material keeps the favorite things always dry!
