## THIS IS HOW LEARNING TO EAT IS FUN

### New Dish Sets for Little Gourmets

Who said food has to be boring? With the brand-new Dish Set Glass from LÄSSIG, the next lunch becomes pure pleasure. Especially when you combine it with the super practical cutlery and the functional silicone bib. With simple colors and a puristic design, the new styles fit into any interior style – real eye-catchers for big and small gourmets!

### DISH SET GLASS

The new children's tableware set from LÄSSIG combines robust borosilicate glass with durable silicone. As a result, it effortlessly withstands first own eating attempts and looks really good at the same time. Borosilicate glass is characterized by its high material density. This makes the glass more stable and robust than conventional glass. In addition, it is considered particularly cut and impact resistant, which is especially important in turbulent everyday family life. In addition, borosilicate glass is odorless and tasteless and does not take on any discoloration. Plate, bowl and drinking cup are equipped with a slip-resistant base made of robust and particularly hygienic silicone. The plate and bowl also have a suction cup. This means that the dishes do not tip over or fall down so quickly on smooth surfaces. Practical: The silicone base can be easily removed. As a result, the dishes can be easily cleaned and later used without the silicone coating. Thus, the dishwasher and microwave safe tableware set accompanies children for many years.

The Dish Set Glass is available in three stylish color variations.

Material: borosilicate glass & silicone

## CUTLERY

The new, BPA-free cutlery set from LÄSSIG was specially developed for little dining beginners and brings fun and functionality to the dining table. The ergonomically shaped, silicone-covered handles support grasping and hold and thus encourage independent eating. The spoon and fork are made of stainless steel, which is durable and robust. The children's cutlery is easy to clean in the dishwasher. It is suitable for children from the age of one year and available in the cheerful colors apricot, blue and nature.

## SILICONE BIB

No more spills thanks to the new silicone bibs from LÄSSIG! The BPA-free bibs made from food-safe silicone are not only soft, flexible and super easy to clean, but also feature a deep, dimensionally stable catch tray. This way, no more food will get spilled and the clothes stay nice and clean. In addition, the bibs are individually adjustable through six settings and grow with the little ones. After eating, the Silicone Bibs can simply be rinsed under running water and hung up to dry or put in the dishwasher. The silicone bibs are available in a practical set of 2 and are suitable for children aged 6 months and older. They are available in the color combinations Apricot/Nature and Blue/Nature.
